Experience

Beezero — July 2025 – Present

AI Engineer / Tech Lead

Leading AI-driven logistics systems for B2B mobility and operations optimization.

- Led development team and technical direction of core products.
- Built **Beezy**, a B2B scheduling system for ride coordination.
- Developed **BeeTracked**, a real-time tracking system.

NowBit — Feb 2025 – July 2025

AI & Automation Engineer

Developing AI-powered automation systems for growth and operations.

- Built and validated MVPs using AI agents.
- Developed LinkedIn automation tools.
- Trained internal teams in n8n.
- Automated workflows with HubSpot.
-

Dapta — Jan 2024 – March 2024

Head of AI

Designing multi-agent systems and generative AI solutions.

- Developed multi-agent systems for content generation.
- Built AI blog platforms.
- Implemented NLP and RAG solutions.
- Presented project to Government of Colombia.

AI Institute (IIC) — March 2020 – March 2023

Associate Researcher

Conversational AI research.

- Built deep learning conversational models.
- Worked with **Rasa**.
- Presented internationally (USA, Switzerland, Uruguay).

Trascender Global Feb 2021 – Feb 2022

ML Freelancer

Computer vision and data pipelines.

- Built CV solutions with OpenCV & TensorFlow.
- Designed ETL pipelines.

Technical Skills

AI & Agentic Systems

- LLMs (OpenAI, Gemini), LangChain, RAG
- Multi-agent systems, orchestration
- Prompt engineering, fine-tuning

Automation

- n8n, ETL pipelines, Webhooks
- Error handling, retries, branching logic

Programming

- Python (AI systems, automation, pipelines)
- Modular, scalable architectures

Data

- Apache Spark, PySpark
- Large-scale data pipelines

Machine Learning

- TensorFlow, PyTorch, Keras
- Training, evaluation, optimization

Cloud & DevOps

- AWS, Docker, containerization

Education

Universidad Mayor de San Simón

B.Sc. in Systems Engineering

Master's in AI for Software Development

In Progress

Achievements

- ACM-ICPC Bolivia (2016) — 3rd place
- TEDx Univalle Cochabamba (2023)
- Women Techmakers Ambassador (2024)
- Speaker at Platzi Conf Colombia 2024
- AWS Community Builder (2025)
- Speaker at PyCon US 2025
- Organizer AWSome Women Summit Mexico
- AWS User Group Leader

Hobbies

- Archery
- Tech content creator (@carli.code)
